Tailored Modular Solutions

ELBIT SYSTEMS - AEROSPACE

HELICOPTER SOLUTIONS

Military Pilot Training Services

Tailored Modular Solutions

Our Experience

- Israeli Air Force flight Screening program support
- Bell 206 Basic Training
- T-6 Basic Training
- TOR (Airmacci) Advanced Training
- Macedonia Pilot Training Center
- Mi-17, F16, B200, and other Simulators
- EVA – Embedded Virtual Training

About Elbit Systems

Elbit Systems Ltd. is an international defense electronics company engaged in a wide range of programs throughout the world. The Company, which includes Elbit Systems and its subsidiaries, operates in the areas of aerospace, land and naval systems, command, control, communications, computers, intelligence surveillance and reconnaissance (“C4ISR”), unmanned aircraft systems (“UAS”), advanced electro-optics, electro-optic space systems, EW suites, signal intelligence (“SIGINT”) systems, data links and communications systems and radios.

The Company also focuses on the upgrading of existing military platforms, developing new technologies for defense, homeland security and commercial aviation applications and providing a range of support services, including training and simulation systems.

Military Pilot Training Services for Helicopters and Fixed Wing Aircrafts

Build On Our Experience

Elbit Systems' Military Pilot Training Services draw on the company's vast experience in aviation and avionics.

Covering basic to advanced training in virtual and real environments and providing a range of solutions, Elbit Systems tailored packages can cover specific training needs or build to establish a complete flight academy.

Our Advantages

• Expert

- Syllabuses created by ex-Israeli Air Force pilots, promising operational expertise and vast flight experience
- Ensure your pilots are well trained and mission-ready with ongoing simulator training

• Innovative

Elbit System's innovative Embedded Virtual Avionics training promises maximum training effectiveness in operational environmental conditions.

• Cost-Effective

- Modular solutions: Embedded Virtual Training, Flight simulator, Fleet PBH etc...
- The pilot course is tailored to your operational needs

Delivering Above & Beyond

Flight Academy

Full Military flight academy services

Training Fleet PFI

Private Finance Initiative - Your fleet maintenance and operation

Training Fleet PBH

Power by the hour - Our fleet maintenance and operation

Full Mission Full Motion Simulator

The closest real-flight experience in a safe, controlled environment

Virtual Training - Train as you Flight

Customized embedded virtual training in avionic, weapon, thermal imaging systems and Electronic Warfare.
